To,

Dear Sonja and Team Run for Africa

I want to take this moment to sincerely thank you for your generous support of our street children Program. Your kindness, compassion and willingness to stand with us mean more than words can express. Looking back from the time you sent your donation to us to this moment, we lack words to express how grateful we are, that your support has helped us run our street connected Families program so well this year.

On behalf of Precious Blood Childrens Family, I would like to extend my Heartfelt appreciation for your generous support of our Street Children Program in Kenya.

Your contribution has indeed played a vital role in enabling us to bring hope, support, opportunity, and provide essential care and resources to children who need most.

Through your generosity, we have been able to offer not only immediate assistance such as food, clothing and shelter, but also long term support including Education, guidance for a better future, dignity, opportunity and love to these young lives.

Your commitment in supporting our cause is truly inspiring, and it is through the kindness of individuals like you, that we are able to continue with this important work and bring lasting change to the lives of those who need most.

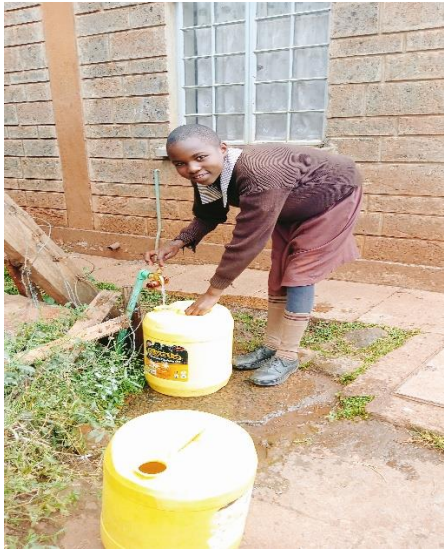

Your generosity is creating real change – and for that we are deeply grateful. Thank you once again for your compassion, generosity, believing in our mission and for being part of this journey with us. May the good Lord Bless you abundantly.

Last Saturday, we had a meeting with Amani school Alumni-the former students of Amani school. Though I was not present at the meeting but I was so much impressed with the way they still remember you. I have also attached the meeting report to you.

Thank you so much Sonja, thank you Team Run for Africa!
